## THE MONTHLY BUDGET

# What life in Bali **really costs**

| LIFESTYLE                           | PER MONTH            |
|-------------------------------------|----------------------|
| Budget: room, scooter, local food   | <b>\$600–900</b>     |
| Mid-range: apartment or small villa | <b>\$1,100–1,800</b> |
| Comfortable single                  | <b>\$1,800–2,500</b> |
| Couple                              | <b>\$2,500–3,500</b> |
| Family with international school    | <b>\$4,000–6,500</b> |

Roughly 50 to 65% cheaper than Western Europe for the same lifestyle. But prices have climbed fast since 2022, most of all in Canggu and Seminyak.

# Your plan decides the visa

| IF YOU WANT TO                  | LOOK AT                          |
|---------------------------------|----------------------------------|
| Visit, view property            | <b>Visitor visa</b>              |
| Work remotely, foreign employer | <b>E33G remote worker</b>        |
| Run your own company here       | <b>Investor KITAS</b>            |
| Retire here                     | <b>Retirement or Second Home</b> |
| Long stay on savings            | <b>Second Home visa</b>          |
| Settle for good                 | <b>KITAP, later</b>              |

Buying property and getting residency are separate questions. Hak Pakai, the right to hold a home in your own name, needs a KITAS or KITAP.

## WHERE TO LIVE

# Pick the area for your life

| AREA                 | SUITS                           |
|----------------------|---------------------------------|
| Canggu, Berawa       | <b>Working, social</b>          |
| Pererenan            | <b>A quieter Canggu</b>         |
| Seminyak             | <b>Restaurants, walkable</b>    |
| Sanur                | <b>Families, retirees</b>       |
| Ubud                 | <b>Calm, creative, wellness</b> |
| Uluwatu              | <b>Surf, views, space</b>       |
| Sidemen, Amed, north | <b>Real quiet, low cost</b>     |

# Four things to check first

## 1 The school

If you have children, pick the school, then live near it.

## 2 The hospital

Serious care is in Denpasar. Ninety minutes matters more at 3am.

## 3 Traffic at your hours

Drive it at 8am and 6pm, not at midday.

## 4 The rainy season

See the road you'd use every day in February.

**Rent for a year before you buy**, ideally through a wet season. The area that suits a holiday and the area that suits a life are rarely the same.

## HONEST EXPECTATIONS

# What nobody tells you

### Traffic

Worse every year in the busy corridors.

### Paperwork

Slow, changeable, never quite finished.

### Healthcare

Good everyday care. Get insurance with evacuation cover.

### Friends

People come and go. Build your circle on purpose.

**183 days**

Spend more than this in Indonesia in a year and you're a tax resident here, even on foreign income.

## THEN BUYING

# When buying makes sense

- 1 You've lived here a year**  
You know the area, the traffic and the season.
- 2 You know your visa route**  
It decides whether Hak Pakai is open to you.
- 3 You've decided: home or income**  
The area that suits you and the one that fills a booking calendar are often different.
- 4 Your paperwork checks are done**  
Certificate, zoning, permits and the lease clauses, before any deposit.

# You don't have to do this alone.

Moving is the big decision. I'll help with where to live and, when you're ready, find the home or land that fits and check it properly.

- 1 I find the land**  
In the area and budget that fit your plan, with the zoning checked first.
- 2 I find the right property or project**  
Built, off-plan or land to build on. I look at all of them, so you see the honest options.
- 3 I check everything before you pay**  
Certificate, zoning, permits, the lease clauses and the seller.
- 4 I stay with you to the notary**  
Questions answered straight, in plain words, until the keys are yours.

**Message me on WhatsApp**

Tell me the area, your budget and your timing, and I'll tell you what I would check first. This guide is general information, not legal or tax advice. Rules change: verify with your own notary before you sign.
